

Is it okay to lie? (in a font)

Thomas Phinney
Program Manager
Fonts & SING technologies

27 September 2006

Agenda

- Font lying defined
 - Font “claims” something that isn’t true
- Old lies
 - Type 1 encodings
- Unicode honesty and lies
 - PUA
 - Bogus use of legit codepoints
- OpenType honesty and lies
 - Choosing “wrong” feature because it’s better supported
